KEYINGHAM VILLAGE PLAN STEERING COMMITTEE

YOUR VILLAGE, YOUR MAGAZINE

Keyingham and Ottringham Village Show

Many of you are now aware that there will not be a Show this year. Sadly this is due to a lack of volunteers to run the event, which has been a feature of village life for over 3 decades and has showcased the many talents found in the villages.

We are inviting you to come for coffee and a chat in the Rainbow Room of the Village Hall on Saturday 15th June, between 10am and noon, to make suggestions on future development of the Show and, hopefully, to offer to help next year. This is mainly to set up and run the Show over 2 days. If you have never been to a Show, why not come and see what it's all about! If you can grow things, sew, knit, crochet, bake, are artistic or good at crafts or photography, then **you** can enter the Show.

We look forward to seeing you. Steve Hyde, chair of the Show.

You're never too young to start.

Charlie is busily planting a tree in memory of his great grandad. page 5.

Information on the good work that people within the village do for others in the village and the wider community is to be found on pages 4 and 5.

It is amazing just how much is going on in our village. Your help is requested for existing projects page..

Ideas for future events and developments within the village are always considered by the Parish Council. Remember that it is more useful to suggest solutions and ideas than complain about what has or has not happened in the village.

Please keep me informed of up and coming events so that I can include details in the magazine.

Copy for the Aug/ Sept issue should be sent before July 15 to Mel Smith, 48 Ebor Manor or email Mel.Smith@Moorland.Karoo.co.uk (please put FORWARD as the subject). While every effort is made to ensure accuracy/timings in this newsletter no responsibility can be made for any mistakes, omissions or misinformation.

Parish Council 'Round-up'

Chairman's Annual Report

Cllr Parsons presented the Chairman's Annual Report, highlighting the projects and activities undertaken by the Council in 2018/19. Points of note included the delivery of all planned projects within budget, with an operating surplus enabling wider activity and providing for contingency.

The Chairman thanked the Council for their hard work and commitment throughout the year, and for their support to himself in the role of Chairman.

Cllr Parsons stepped down from the role as Chairman at the end of the meeting and the Council members thanked him for his leadership.

Saltaugh road amenity area

It was resolved to proceed with replacing the safety floor covering beneath the play equipment on the Saltaugh road amenity area with black material. It was also agreed to proceed with the drainage project on Saltaugh Road amenity area.

Dog Walking area

Due to multiple request being made to council for the creation of a separate area for dog owners to exercise their dogs and socialise with other dogs and dog owners several options were considered. The council decided to investigate 'in principle' the cost of creating a fenced off area on part of the Eastfield Road area.

The council is to obtain quotes for undertaking the work and to investigate covenants/designations relating to the use of public spaces covenants/designations relating to the

use of public spaces.

Allotments

It was noted that there are three whole plots (six half plots) currently available / untaken in row 7.

Fly tipping and Recycling

Councillors noted the guidance received from ERYC Environment Department regarding the repeated instances of fly-tipping at the recycling site on Dam Lane. ERYC advised the removal of the containers for recycling glass, as this was now covered by domestic collection, and to consider re-locating the clothing and textiles container to a position where it could be more closely monitored possibly by CCTV.

Boyes Lane

Improvements to the road surface from the main road to the Boyes Lane Amenity Area has started.

Problems with the Website.

It was reported that despite repeated requests, it was still not possible to upload material to update sections of the site, it was resolved to visit ERYC to meet with the IT Department in person.

Date and time of next meeting: **7.30pm
Wednesday 8th May 2019.**

St Nicholas Church

St Nicholas Church has been in the village for almost 900 years.

The first church was built in the 7th century, some parts of the present church date back to the 12th century. From that time until today there have been modifications to the church. It is now been decided to improve the facilities within the church by the addition of a kitchen and toilet. The new facilities will make the church a more comfortable place for people to visit whether it is for worship, weddings, funerals or baptisms. It would also mean that the church could be used for coffee mornings, garden parties or afternoon teas etc.

To make this vision happen , a group of ladies have got together to form **The Friends of St. Nicholas Kitchen project.** There aim is to raise enough money to install the kitchen and toilet. To start off the fund raising activities there will be a jumble sale on 25th May. This will be held in the Village Hall on Station Road. Other events will be scheduled throughout the year. (look out for these on the back page of this and future copies of FORWARD.) We live in changing times and the Church has changed as can be seen from the photo opposite.

Thirty years after it had been repaired the steeple was posing problems because of its weight on the tower, both of which were cracking. The solution was to reduce the weight on the tower

STANDNG TALL, but not for very much longer after this picture of St Nicholas Church was taken in January 1968.

and the steeple had to be demolished, an operation which involved the removal of about 100 tons of material. The result was the church as it is today, the tower said to now look very much as it did in the 14th Century. When it was built brick-making had not been introduced in England and construction was of cobbles and mortar which were covered with dressed stone.

Details from the Church website:

Helping Others

Dog Walk to raise money for

On Saturday 27th April, 15 dogs and their owners completed a sponsored walk in Keyingham. The aim was to raise £360 to equip local fire engines; Hornsea's second engine, Patrington engine, Preston engine and Withernsea's second engine with pet oxygen masks. Each kit costs £90 from the 'not for profit charity' Smokey Paws, smokeypaws.co.uk

Jane Kinnear and Pam Campling organised the walk because Jane's friend tragically lost her two dogs in a house fire in Surrey last November. This is when the charity Smokey Paws came to Jane's attention and spurred her and Pam on to organise the walk.

With the help of their friends they managed to exceed their target of £360 - at the time of going to print they had raised £770.16 with further pledges to come in (total estimate £850).

With the extra money they are sending a further 5 kits to the Humberside Fire

& Rescue Service which will be distributed to the second engines at Beverley, Drifffield, Market Weighton and Pocklington and East Hull for its first engine.

Jane & Pam would like to thank EVERYONE for their kind generosity, and of course a huge thank you to the 15 dogs and their owners who took part on the walk.

What a fantastic response - thank you so much.

Noelker

Cake Stall

ALL WELCOME HOPE TO SEE YOU THERE

Over 42,000 people took part in this year's 26.2 mile race commonly known as the London Marathon. Felicity Travis was one of the participants who ran the race. She was raising money for the charity Sense. Felicity raised £2310 by holding an 80's night, coffee morning and a quiz night as well as having a just-giving page.

Felicity finished the race in a respectable time of 5 hours 5 minutes. Felicity stated that London Marathon was like no other race.

"I had waves of emotions through every mile - but the thousands of people who came out to cheer us on kept me moving and I cleared the line in 5 hours and 5 minutes. My ultimate goal was to finish under 5 hours - but once you are out there on the course you realise the time doesn't matter, it's the taking part and finishing that counts and I am so lucky to be able to take on one of the biggest marathons in the world and finished with a smile."

We congratulate Felicity on her success and on raising the money which will go to the SENSE charity.

Tree Planting at Boyes Lane

From left to right Hayley, Charlotte, Sian, Charlie, Ceri, Bronwen & Gary.

As a tribute to her father Jim Glazzard, Ceri Hughes, his daughter and other family members are aiming to plant 83 trees, one for each year of Jim's life. They have made a good start by planting Horse Chestnut and Rowan trees

on the perimeter of the Boyes Lane field.

NEIGHBOURHOOD WATCH

If you are ever approached by anyone offering you a deal that is too good to miss don't be tempted. From the Humberside Police there is an alert about sellers who are offering goods e.g. power tools, chainsaws and generators while shoppers are unloading their shopping. The deal offered sounds too good to miss, don't be caught out!! These people use pushy tactics and have at times been known to put goods in the boot of someone's car and then ask for money. Incidents have happened in the carpark of a Holderness supermarket. Remember, if it sounds too good to be true it probably is too good to be true. Police advice is never buy things from cold callers or if you are approached when you are out and about. Always do your research before buying any goods or services.

Your local policing team is visiting every victim of burglary and theft from garages and sheds. Crime prevention advice is being given together with methods of marking and recording your property.

ROAD SAFETY

The team continues to work with their partners to promote better road safety. This will include community speed watch patrols plus cycling and school crossing patrol.

Remember your vigilance could help to prevent a crime - be alert for any suspicious happening and report incidents to the police by ringing 101 and giving the Humberside Police as many details as you can, for example descriptions of people involved age, features, height and dress. or vehicles involved.

If you have anything you would like to discuss with a member of your local policing team the next police surgery will be on Monday the 10th June 2019 from 5:30 p.m. to 6:30 p.m. in the Co-op. Shop in Main Street.

ENVIRONMENT

Getting the planters out this year seems to have been fraught with difficulties. After losing a lot of the cuttings we bought more plug plants to grow on only to be faced with another problem. Unfortunately the tank in the greenhouse we were using burst and the pressure of the water destroyed many of the plants together with some of the planters. Determined not to be defeated we set about finding somewhere else that we could use. Fortunately for us Mill Nurseries have offered us space in one of their greenhouses so we are in business once again. We are very grateful to them for this kind offer. We must also give our thanks to Village Nurseries for their hospitality while we have been working on their premises. I think you will agree that this is a worthwhile project as the colour the flowers give helps to brighten up the village.

Brian Warsap has been the mainstay in helping with the greenhouse work but he finds he can no longer continue, a big thanks to him for all his time and effort. Ray, together with David Stiggants and John Crawforth have offered to take over this work. We are always on the lookout for helpers.

If you are interested please give Ray a ring on 623371.

Don't forget THE FOLK FESTIVAL which will take place on Boyes Lane field on Friday June 28th and Saturday June 29th. Admission is £2.00, carpark £1.00. There will be a licenced bar and food will be available on the field. Come and enjoy a variety of different genre of music. This will replace the regular June Folk Club night at the Village Hall.

New Kitchen in Village Hall

After hard work by volunteers the new kitchen in the village hall is now finished and ready for use. It will prove a great asset to the users of the village hall and allow food to be prepared on site. Iris

Otten stated that *“it will make life so much easier to prepare the food for the OAP Christmas dinner. The food will be fresher and hotter as it will be prepared on-site and not transported from where it was prepared and kept warm.”*

The kitchen will mean that hot food can be served at events such as Parties, weddings and anniversaries. This makes the hall more attractive to people looking for a suitable venue for such events.

The flush servery is a suitable area for the sale of drinks and snacks. It can also be used as a bar if required subject to suitable licensing.

The facilities include a large cooker, a larder fridge and a dishwasher. Thanks must go to Iris and her husband for their help with this project.

What's On Round up of Village Events for the next two months

Village Hall Events

Weekly Events

Monday

14:00 - 16:00 Whist

18:00 - 21:00 Zumba & Clubercise
