Domestic Abuse Effects
Everyone, Especially Children...

Are you worried about your child?

Has your child heard, seen and experienced abusive behaviour
which has made them feel unsafe, scared, and worried?

Are they talking openly about the abuse and how it has impacted them?

Domestic Violence and Abuse Partnership (DVAP) Children
and Young People Service provide support for children aged
6 years to 18 years old.

If you would like more information about this
service, please contact DVAP: ☎ (01482) 396368
