KEYINGHAM VILLAGE PLAN STEERING COMMITTEE

Parish Council Round Up September 2026

ERYC Ward Councillors Update

Yorkshire Water / Flooding

Yorkshire Water returned to conduct specialist robotic root-cutting work on the system(s) servicing Saltaugh Road and Willowfield Drive. All root removal on this system has now been completed. Hopefully now that this has been done it should prevent the system backing up and we should now see an improvement in flow rate in this area. East Riding of Yorkshire Council have also serviced the drainage gullies on Ottringham Road.

Fly Tipped Rubbish

We have seen a couple of incidents of fly tipping in the village, mainly on Marrit Way along the hedge line. A wardrobe was abandoned here as well as some pallets and other items in the hedge itself. It is possible that this may have been 'den-making' during the summer break, however it was soon cleared and so far there have been no further issues.

ERYC offered a collection of unwanted items 'amnesty' recently with good response – we would be interested to know whether this would be helpful if the offer was extended to other areas of Holderness...

Parking Concerns – Station Road

Discussions have been re-opened with ERYC Asset Strategy Officers regarding the 'green space' on Station Road and the long-term potential of turning it into parking space. As we all know the situation on Station Road is

slowly becoming untenable. Hopefully by the October next meeting we will have a date for a site meeting.

The damaged railings outside the Village Hall are scheduled for repair in the next few weeks. The litter bin on the main road, which was removed, replaced and then removed again has been reinstated with stronger fixings.

Mill View Development –

Dust Emissions

During the very dry spell the building works and movement of heavy plant around the site was causing dust to drift onto the main road. This was quickly responded to by the developers who put in place mitigation strategies and communicated with nearby residents.

Planning

The Parish Council are continuing to monitor the retrospective application for change of use of land from agricultural to a Traveller Site, on Mill Lane, including the monitoring and enforcement by ERYC of conditions placed on earlier applications. At the last meeting the Parish Council began drafting a letter to the Planning Ombudsman to raise their concerns regarding adherence to planning processes and the enforcement of conditions.

Volunteer Activity

The Parish Council would like to express their continuing gratitude for the contributions made by members of the community who help keep the village and its public spaces looking good. Over a series of meetings Parish Councillors have considered the contributions made by volunteers and the ways that volunteers can be encouraged and supported to engage in the life of the community in Keyingham. In October Councillors will be finalising work on a new policy and volunteer agreement developed in collaboration with the local branch of ERNLLCA, the Parish Councils Association. Over the Spring and summer months volunteers have helped look after newly planed Trees on Boyes Lane Recreation ground and Saltaugh Road Amenity Area, watered tubs in the cemetery and around the village throughout the unusually hot, dry summer.

The 'Street Smart' Team of litter pickers/ street cleaners have made a big impact and are becoming a regular feature in villages throughout Holderness.

A large team of folks continue to assist with the delivery and circulation of this magazine and all the Councillors would like to extend a huge thank you to everyone who has helped support the work of the Parish Council in anyway and hope that they continue to enjoy making this great contribution to their local area.

Tour of Britain Cycle Race

Keyingham was delighted to be on the route of stage of the Tour of Britain and participated in encouraging the participants as they passed (rather quickly) through the village. Grant funding available through the Mayor's fund was secured for decorating

cycles, putting up bunting along the route, serving refreshments and ringing St Nicholas Church bells as competitors passed through. Funding will also enable the purchase of bicycles for the school playgroup, which we hope Mayor of Hull and East Yorkshire, Luke Campbell, will present to the School Council in the autumn.

Thank you to everyone who supported this enjoyable event.

As part of a scheduled programme of review over the next few months the Parish Council will be undertaking some updating of its systems and procedures. This will include a change to its regular email address to one which is a 'gov.uk' email address. The timing of the switch-over will need a planned 'lead time', and the old address will stay live for a while to make sure all the communications are getting through. Other changes will include the launching of a 'Facebook' page and updating of the insurance cover to include cyber-security.

Parish Council Meetings

The next meeting of the PC is 7.00pm on Tuesday 20th October 2026 in Keyingham Village Hall (Main Hall)

The confirmed minutes of Parish Council meetings are posted on the PC website: keyinghamparishcouncil.eastriding.gov.uk

New Addition to the Village

It is pleasing to again see animals in the field on Church Lane. A new alpaca was born during the summer. I believe that it has been named Dorothy.

We wish Dorothy well and look forward to see more animals on the field in the future.

Ideas for future events and developments within the village are always considered by the Parish Council. Remember that it is more useful to suggest solutions and ideas than complain about what has or has not happened in the village.

Please keep me informed of up and coming events so that I can include details in the magazine.
