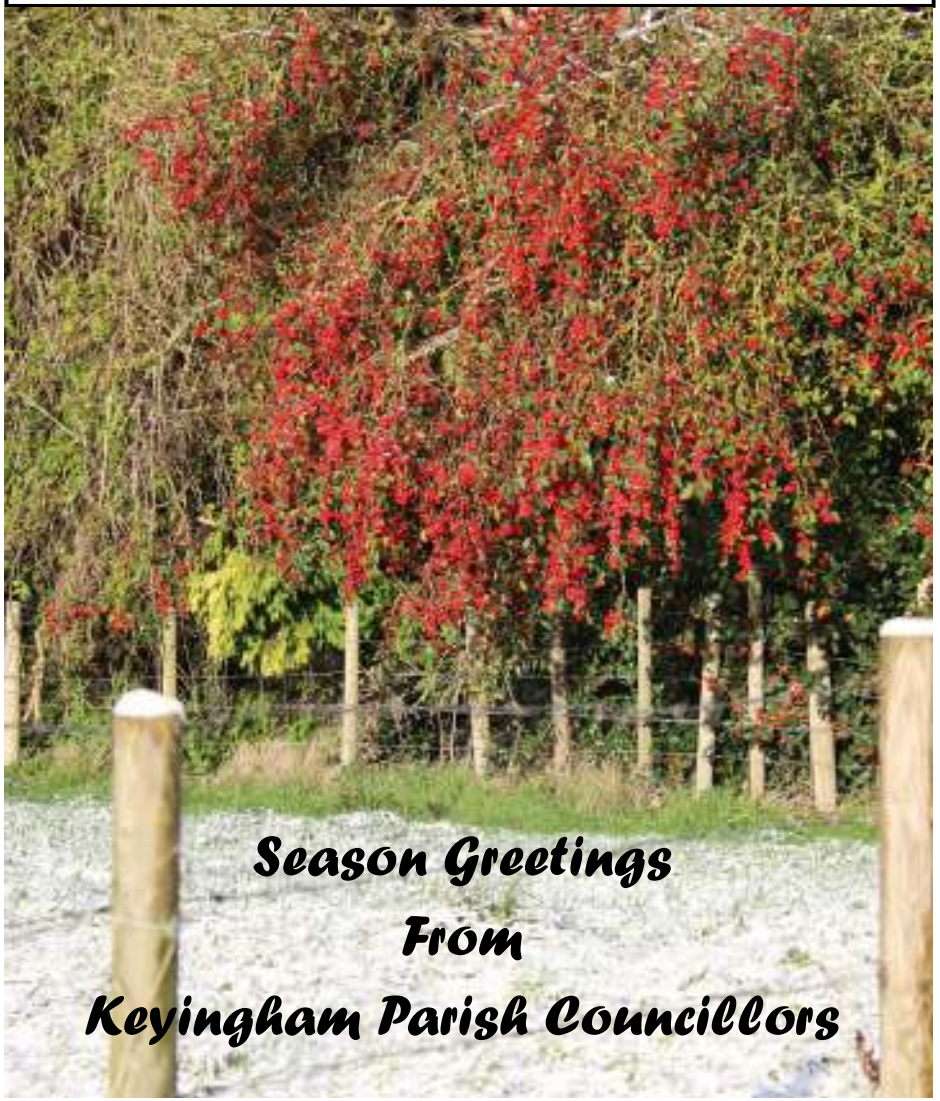
KEYINGHAM VILLAGE PLAN STEERING COMMITTEE



Parish Council Round Up November 2025

RYC Ward Councillors Update

In the regular 'Ward Update' slot, Cllr Sean McMaster confirmed that following the repair of the railings outside the school they had been painted by the Community Payback Team.
PCSO's who attended the August and October meetings in response to requests for advice on tackling antisocial behaviours were able to report in October that as a result of the combined efforts of the police, local councils and homelessness charities the issues caused by rough sleeping in and around the area had been resolved.
A site meeting was held with the ERYC Assets Team to consider possible options to alleviate parking issues on Station Road around Northfield and on the Northfield Estate itself, including the site of the disused garages. At the November meeting, councillors listened to responses to the issues raised but were disappointed that the initial reply contained no clear proposals or actions.

***

Repair & Preplacement of Play Equipment

Over the last 4 months Councillors have been considering different options for the repair or replacement of play equipment on Saltaugh Road Amenity Area. After having investigated potential funding streams and considering different options in relation to cost, space and suitability the Council have requested further quotes from a local company and will be considering them in December.
The Village Green has recently received a new gate in readiness for Christmas festivities. The area behind the Vikings Clubhouse is now enclosed by a security fence to prevent access to the sewer and septic tank and a new bin is on order for the play area.
The ditch running alongside the access road serving the allotments is being cleared shrubbery and the banks shored up to assist with holding water and to improve the flow of rainwater away from the main road.
The Parish Council wishes to thank residents/ landowners in the vicinity for their assistance and cooperation in clearing the drain.

***

Planting Trees

In a joint project between ERYC, Humber Forest, Keyingham Parish Council and Keyingham Primary School Student Council a line of established native trees will be planted along the southern boundary of Saltaugh Road Amenity Area. The Trees will be supplied and planted free of charge by 'Humber Forest' and will be dedicated by the Student Council who will assist with planting and watering until they become established. The Parish Council wishes to thank all the project participants including the Trustees of the Maritt Ombler Foundation Charity who have given permission for the trees to continue along land owned by the Charity.

***

Planning

At the October meeting Councillors received a presentation from the proposers of a revised planning application for conversion of the former Methodist Chapel into dwellings.
The application had been amended following councillors feedback regarding parking and access.
Councillors discussed the legal status of public access, by foot, and asked that this be clarified as part of the planning approval process.
After a detailed discussion councillors voted, by a majority, to support the application.

In the autumn/winter period the ERYC receive applications for the pruning or reduction of Trees. Over the October/ November period there have been a few applications to waive Tree Protection Orders.
In some cases, permission for pruning was granted. However, the application to remove a tree affecting the pavement on station Road, outside Elletson Mews was refused and the pavement altered to repair the damage – a good outcome all round!

***

Streets & Verges

Councillors were pleased to note that a damage to verges and road signs caused by large vehicles turning had been picked-up by the highways team and were gradually being attended to. One instance of the removal of a telegraph pole resulting in deep ruts on the grass verge has been referred to the company concerned. Councillors noted that the extremely wet weather had caused the verges to be particularly soft and ask everyone to avoid driving or parking on them wherever possible as the damage this causes is not just unsightly but can also lead broken utility pipes below the surface.
Replacement of daffodil bulbs uprooted by the installation of broadband cables is now complete and we can look forward to a beautiful display in the spring! Many thanks to councillors and volunteers who work so hard on trees, planters, tubs and bulbs for us all to enjoy throughout the year.
In response to issues caused by parking on Saltaugh Road the Parish Council in partnership with Holderness Vikings have begun a 'scoping exercise' to investigate potential options to alleviate parking in the vicinity of the playing field. Discussions with ERYC in the New Year will assist in identifying opportunities for further consideration.

***

Remembrance Sunday

A Service of Remembrance was held in St Nicholas Church at 10.00am on 9th November followed by two minutes silence and the laying of wreaths outside the East Window in the Church Grounds at 11.00. Over 100 people attended the service and a further 60 people gathered outside to participate in the remembrance parade (within the confines of the Church Grounds). Cllr Sean Mc Master laid wreathes on behalf of the Lord Lieutenant and East Riding of Yorkshire Councillors. Cllr Neil Whitelam laid a wreath on behalf of the Parish Council and Headteacher Mr Mike Copley accompanied by three pupils laid a wreath on behalf of the Primary School Student Council. Keyingham Scouts participated in the service and acts of remembrance in which each of the Armed Services were commemorated along with civilian organisations and individuals whose dedicated service contributed so much to restoring peace. Following the commemorative events of the 11th November all the tributes were transferred to the war Memorial. The Parish Council would like to express sincere gratitude to everyone who took part in the remembrance event and to all Service Personnel who are in active service around the world.

***

Christmas Events & Decorations

Our brilliant Village Hall Team will be out in force again this festive season, providing lots of great events and activities for everyone to enjoy. Full details of up-coming events can be found on pages 6,7,8.
In addition to the traditional 'Big Tree' and to make our Village Green look even more beautiful this year a new 3D lighted tree decoration will be introduced to the space – keep a look out over the next week and you may see them arriving!

Councillor Vacancy

There is still a vacancy on t
he Parish Council. All eligible individuals are welcomed, and public participation is seen as a valuable contribution to help shape direction and decision-making in the best interests of the village. The Parish Council would especially welcome interest from individuals involved with youth groups and activities in Keyingham.
The Parish Council now has a membership of individuals with a wide range of backgrounds and skill sets including Education, Construction, Transport, Law, Leisure, Local Government and Business, many of whom continue to work within local companies who support the rural economy. If you think you may be interested and would like a clearer understanding of the business of the Parish Council, please consider coming along to a meeting as an observer or contact the Clerk for an informal chat with no obligation.

Parish Council Meetings
The next meeting of the PC is 7.00pm on Wednesday 17th December 2025 in Keyingham Village Hall (Main Hall)

The confirmed minutes of Parish Council meetings are posted on the PC website:
